Pimco Global Bond Fund

**To achieve maximum total return by investing in global fixed interest securities, and to seek to preserve capital through prudent investment management.**

## Investment Strategy

In pursuing the fund's investment objective, PIMCO applies a wide range of diverse strategies including duration analysis, credit analysis, relative value analysis, sector allocation and rotation and individual security selection. PIMCO's investment strategy emphasises active decision making with a long-term focus and seeks to avoid extreme swings in duration or maturity with a view to creating a steady stream of returns.

The fund invests in government, corporate, mortgage and other fixed interest securities. While the fund invests predominantly in investment grade securities, it may also invest in non-investment grade fixed interest securities and emerging market debt. The fund may also hold cash and derivatives.
