Investment strategy

MLC actively looks for opportunities to provide better returns, or less risk, than those generated by the benchmark asset allocation and to manage the Trust's exposure to the risks of investing in markets. Our investment experts do this by:

- Researching and selecting a broad range of mainstream asset classes, and including some exposure to alternative assets and strategies.
- Adjusting the allocations to the asset classes within the defined ranges shown below.
- Selecting investment managers from some of the best in Australia and overseas.
