### Fund summary

We are pleased to provide you the first Fund Update for your investment in the **Centuria Government Income Property Fund** (Fund).

As outlined in previous correspondence, we are pleased to confirm that the Fund's purchase of the property located at 1 McNab Avenue, Footscray VIC settled on 11 August 2021. Monthly distributions have been paid at a rate of 5.25 cents per unit (annualised), which is in line with the Fund's Product Disclosure Statement (PDS) and the forecast for the 2022 financial year. The corresponding distribution statement for the Fund can be accessed from our online investor portal at [CenturiaInvestor.com.au](http://CenturiaInvestor.com.au).

The Fund has entered into a financing arrangement with the Bank of China for a term of five years at competitive rates. In addition, approximately 75% of the current drawn debt has been hedged at a fixed rate of 0.57% for the first three years of the facility to ensure security of interest costs and in years four and five, a two year swap for approximately 50% of the forecast drawn debt (\$55.0m) has also been secured.

The 31 December 2021 audited financial report is now available to download from the online investor portal at [CenturiaInvestor.com.au](http://CenturiaInvestor.com.au). The report confirms the Net Asset Backing (NAB) of units in the Fund increased from \$0.87 as outlined within the Product Disclosure Statement dated 1 July 2021 to \$0.88 (as at 31 December 2021). The increase is predominately due to change in the Mark to Market value of the Fund's derivative instruments, which results in \$0.01 being added to the NAB. However, please note that the \$1.8 million increase in the Fund's net assets is only materialised if the three year swap is broken prior to its expiry on 28 June 2024. This amount will also reduce as the remaining term on the swap diminishes, however it may increase further if interest rates continue to rise.
