# Bintracker

Providing real-time, accurate and granular waste reporting.

Waste sorting into four streams using the colour coded bins that you can purchase from us:

**The source and weight of all building waste will be captured through:**

- Platform scales at the waste collection point; and
- Bintracker Mobile App with QR code recognition and scale integration. The system provides your company with data for scope 3 emissions reporting and reduces your impact on the environment.

**Accessible data:**

- View your waste data through the Bintracker portal.
- Automated monthly summaries of your company's waste output.
