Qualified Accountant's Certificate – additional information

Section 2 - Control

The Certificate is your representation that the individual or Entity in completed in Section 1 of the Certificate meets the net assets or gross income test. To meet the net assets or gross income test you can include the net assets of a company or trust "controlled" by that person or entity. Control is defined in section 50AA of the Corporations Act and generally follows the accounting definition of that term so that a person may control a company or unit trust yet hold less than 50% of the shares or units. Always include any entities that the individual or Entity completed in Section 1 of the Certificate controls in the Controlled entities section as this will ensure that the certificate can be used for multiple vehicles that the investor wishes to invest through. For example, if John Smith meets the test and he is the sole director of a company (Smith Pty Ltd) which is the corporate trustee of his family trust (Smith Family Trust) then include this company in the controlled entities section as the certificate can then be used for investments by John Smith, Smith Pty Ltd and Smith Pty Ltd ATF Smith Family Trust.

- Canadian Institute of Chartered Accountants;
- Institute of Chartered Accountants of New Zealand;
