Investment strategy

Greencape is an active, 'bottom-up' stock picker. Whilst Greencape does not target any specific investment style and will invest in stocks displaying 'value' and 'growth' characteristics, its focus on a company's qualitative attributes will generally lead to 'growth' oriented portfolios. This is an outcome of its bottom-up process. As such, Greencape's investment style may be classified as 'growth at a reasonable price'.

The Fund invests in 25 to 70 companies applying a 'best ideas mentality'. This means that significant positions may be taken irrespective of the size of the company. The Fund can invest in Australian listed companies as well as up to 10% in stocks listed on any international stock exchange.
